EXPERIENCE

CharityVision International

Provo, UT

Strategy Intern

Aug 2026-Current

- Restructured payment processes across 27 countries of operation, by diagnosing banking bottlenecks and presenting recommended actions to executive leadership
- Coordinated with local partner organizations and government officials to streamline medical equipment imports, by tracing approval chains and problem-solving around documentation and customs barriers

StealthMole

Singapore & South Korea

Business Development & Customer Strategies

Apr 2026-July 2026

- Spearheaded 3 high-priority customer growth segments, as tracked through statistical analysis of 5,000+ data points, by applying structured analytical frameworks
- Refined go-to-market strategy, based on structured feedback from 100+ prospective users at DEF CON and government trainings, by synthesizing insights into evidence-based recommendations presented to leadership
- Built a data-driven rating system that scored customers' usage patterns and delivered the results in a simple dashboard for the sales team across 50+ client accounts, including government and private organizations over 3 continents

Sharetown

Greater Charlotte Area, NC

Independent Contractor (Territory Manager)

Dec 2019-Apr 2022

- Generated \$100k+ in cumulative revenue across two years by implementing competitive pricing strategies and targeting high-growth market segments.
- Improved conversion rates by 60%+, as measured by listing performance data, by building a structured framework to optimize pricing, marketing, and customer outreach across end-to-end operations
- Scaled operations from solo to a team of 5+ by recruiting, onboarding, and leading direct reports, cutting per-order turnaround time and freeing capacity to pursue higher-value market segments

VOLUNTEER EXPERIENCE

The Church of Jesus Christ of Latter-day Saints

Boston, MA

Volunteer Representative

Aug 2023-Aug 2025

- Leveraged interpersonal insights from interactions with 1,000+ individuals to adapt messaging and increase engagement across diverse cultural contexts
- Tracked outcomes of trainings and outreach efforts to refine approaches, resulting in more effective communication and measurable impact
- Built genuine relationships with people from dozens of cultural and religious backgrounds, treating everyone as important with inherent worth regardless of belief or background

SKILLS & INTERESTS

- Technical: Python, SQL, Excel / VBA, Tableau, HTML, C++, Open-Source Intelligence (OSINT)
- Global service: assisted children's surgical recovery in Manila, built schools in Kenya, food distribution centers in New England, and rehabilitated wildlife in South Africa
